## POLICY

## Guideline Support Document for SOG 10.11 Asbestos

The following Guideline Support Document has been published on the Intranet:

• <u>GSD for SOG 10.11, Asbestos</u> (Version 03)

#### Key points

- The GSD for Asbestos SOG 10.11 has been updated to include the issue of loose-fill asbestos insulation.
- This type of insulation, carried out by a company known as Mr Fluffy, was previously thought to have been isolated to the ACT. Information now exists that houses in surrounding council areas, and also the gSa, may have been insulated in this manner.
- Firefighters are required to read the information on asbestos, including loose fill asbestos insulation (aka Mr Fluffy) on the <u>intranet under Hazmat Toolkit</u>.

#### Who needs to read this GSD?

This Guideline Support Document is to be read by all firefighters and Operational Communications staff in conjunction with SOG 10.11, *Asbestos*.

#### Updating folders

If your station maintains an A4 SOG folder, print out the GSD and file it in the folder.

#### Rescindment

This GSD rescinds GSD for SOG 10.11 (Version 02).

Contact Officer:	Superintendent Paul Johnstone, Capability Manager Hazmat,
	(02) 9318 4423
