POLICIES

Employment screening policy & procedure

The [Employment Screening Policy and Procedure](#) has been published on the administrative Policies and Procedures page of the intranet.

Key points

The Employment Screening policy and procedure has been revised and the business owner of the document is now the responsibility of Recruitment & Staffing Branch, People & Culture Directorate.

The changes to the current policy relate to the management responsibilities when hiring a new contractor to FRNSW. The policy and procedures aim to provide guidance to managers when hiring a new contractor/temporary or ongoing staff to FRNSW.

Who needs to read these documents?

This policy applies to all recruitment processes and all candidates applying for roles at FRNSW, including external and internal candidates. It needs to be read by staff who sit on selection panels, are involved in recruitment processes, and/or who hire new contractors to FRNSW.

Rescindment

This policy rescinds Employment Screening Policy & Procedure, Policy No: CG09-001 dated January 2017, and Commissioner's Orders 2017/03.

Contact Officer: Sue McDougall, Manager Recruitment, 02 9265 3921

Residential smoke alarms policy, smoke alarms installation and smoke alarm battery replacement

The [Residential smoke alarms policy](#) has been approved and published on the intranet. The [Smoke alarms installation and smoke alarm battery replacement procedures](#) support the residential smoke alarms policy and is approved and published on the intranet.

Under [Section 5A](#) of the *Fire and Rescue NSW Act 1989* the Commissioner has the duty to take all practicable measures for preventing and extinguishing fires and protecting and saving life and property in case of fire in any fire district.

The policy and procedures ensure Fire and Rescue NSW (FRNSW) promotes and communicates a common agreed position on smoke alarms installed within a residential dwelling and battery replacement in smoke alarms.

Key points

The policy and procedures:

- Apply to all Fire and Rescue NSW employees who provide information, advice or services on smoke alarms
- Emphasise the legal requirement to have at least one working smoke alarm in hallways outside bedroom areas on every level of all residential dwellings When engaging the public and other external stakeholders
- FRNSW is not to promote any brand or type of smoke alarm other than being a smoke alarm that complies with Australian Standard AS 3786
- Ensure that there is a minimum level of protection for all dwellings to have working smoke alarms installed and tested.
- Detail the roles and responsibilities of all Commanders, firefighters and the Community Engagement Unit to support FRNSW community safety strategies allowing firefighters to actively engage in activities and programs that include checking and/or installing working smoke alarms in residential dwellings

Rescinds

In Orders 2007-14, *Domestic smoke alarms policy*

Commissioner's Orders 2014-20, *Smoke Alarm and Battery Replacement (SABRE) Program*

Residential smoke alarm installation agreement

Who needs to read these documents?

All officers and firefighters who provide information, advice or services on smoke alarms.

Contact Officer: Superintendent Michael Jay, Community Engagement, 02 97427407

File reference: FRN19/1735

PROCEDURES

Revised breathing apparatus SIMS worksheets

Issue

All SIMS worksheets are being reviewed during 2019 to include the most up-to-date information, procedures for cleaning equipment after an incident in order to manage contaminants, and to incorporate the Plus Brand logo.

As SIMS worksheets are updated, notifications will be posted in Commissioner's Orders.

Revised SIMS worksheets for breathing apparatus

SIMS worksheets for breathing apparatus have been revised. The new versions have been posted on the [Station Inventory Management System](#) toolkit.

[SIMS worksheet, Extension facemask sets](#) (Version 06). Changes include:

- After use cleaning information.
- During the pressure test, waiting for one minute for the system to stabilise before starting the test.
- Due to the number of connections and length of hose being checked, accepting a pressure loss in one minute down to the sound of the warning whistle. This provides an obvious indication of failure to the user (the warning whistle).
- A new function test for the breathing air system on major aerial appliances which uses the above two principles.
- Parking the demand valve after testing the facemask.

[SIMS worksheet, Draeger self-contained breathing apparatus](#) (Version 03). Changes include:

- Decontaminate and clean both the set and expired cylinders as required by [Recommended practice, Breathing apparatus – Draeger](#).
- Reconnecting the demand valve after pressure testing.
- Parking the demand valve after testing the facemask.
- Correct stowing in the seat back of an appliance.

[SIMS worksheet, Air-trolley breathing apparatus](#) (Version 02). Changes include:

- After use cleaning information.
- During the pressure test, waiting for one minute for the system to stabilise before starting the test.
- Due to the number of connections and length of hose being checked, accepting a pressure loss in one minute down to the sound of the warning whistle. This provides an obvious indication of failure to the user (the warning whistle).
- Parking the demand valve after testing the facemask.

Station Commanders must print out the new SIMS worksheets relevant for their station, remove the old worksheets from the station SIMS board and replace them with the new worksheets.

Rescinded worksheets

The following SIMS worksheets are rescinded as they have been revised:

SIMS worksheet, Draeger self-contained breathing apparatus (Version 02).

SIMS worksheet, Air-trolley breathing apparatus (Version 01).

SIMS worksheet, Extension facemask sets (Version 05)

Contact Officers: Tony Steele, Manager Equipment Logistics Hazmat, (02) 9709 4335
File Reference: FRN13/2266 and NFB/04729

Revised SIMS worksheets

Issue

All SIMS worksheets are being reviewed during 2019 to include the most up-to-date information, procedures for cleaning equipment after an incident in order to manage contaminants, and to incorporate the Plus Brand logo.

As SIMS worksheets are updated, notifications will be posted in Commissioner's Orders.

Revised SIMS worksheets

These SIMS worksheets have been revised. The new versions have been posted on the [Station Inventory Management System](#) toolkit.

[SIMS worksheet, Air tool kit – Air chiseller standard kit](#) (Version 02). Changes include:

- After use cleaning information.
- Update procedure.
- Update branding and contact information.

[SIMS worksheet, Air tool kit – General land rescue](#) (Version 02). Changes include:

- After use cleaning information.
- Update procedure.
- Update branding and contact information.
- Rename to align with General Land Rescue.

[SIMS worksheet, Blanket bag](#) (Version 02). Changes include:

- Update after use laundry and cleaning information.
- Remove nitrile gloves from inventory as they are stowed in the EMT kit.
- Update branding and contact information.

[SIMS worksheet, Blocks – Optional rescue set](#) (Version 03)

- After use cleaning information.
- Procedure for green timber.
- Update branding and contact information.

[SIMS worksheet, Blocks – Standard wooden block set](#) (Version 03)

- After use cleaning information.
- Procedure for green timber.
- Update branding and contact information.

[SIMS worksheet, Body bag, chemically resistant, fully encapsulated](#) (Version 02)

- Update branding and contact information.

[SIMS worksheet, Bushfire gear](#) (Version 04)

- After use cleaning information.
- Add bushfire blankets to the SIMS check.
- Update branding and contact information.

[SIMS worksheet, Stretchers – Basket stretcher and spine board](#) (Version 02.1)

- After use cleaning information.
- Update contact information.

Station Commanders must print out the new SIMS worksheets relevant for their station, remove the old worksheets from the station SIMS board and replace them with the new worksheets.

Rescinded worksheets

The following SIMS worksheets are rescinded as they have been revised:

SIMS worksheet, Air tool kit – Air chiseller standard kit (Version 01)

SIMS worksheet, Air tool kit – Primary Rescue units (Version 01)

SIMS worksheet, Blanket bag (Version 01)
