TRAINING

2020 Urban Search and Rescue (USAR) Technicians' Course

FRNSW has a responsibility to maintain Technical Rescue USAR technicians capable of meeting our obligation as an INSARAG classified heavy rescue team to deploy internationally to disasters.

USAR involves the location, extrication, and initial stabilisation of people trapped in a confined space or under debris due to a sudden-onset large-scale structural collapse in a coordinated and standardised fashion. This can occur due to disasters, landslides, accidents, and deliberate actions. The goal of search and rescue operations is to rescue the greatest number of trapped people in the shortest amount of time, while minimising the risk to rescuers.

A four week off-shift Technical Rescue course is scheduled from 31 August to 28 September 2020 at FRNSW Emergency Services Academy, Orchard Hills.

There will be 20 participants including two from operational support selected to attend the course.

Mandatory requirements

Participants must be a permanent currently qualified rescue operator and must live within 2 hours of FRNSW Emergency Service Academy, Orchard Hills.

Applications

Please email DARTTraining@fire.nsw.gov.au to request an application form or if you have any questions regarding this training course.

Further details on the selection process, including two targeted questions, and your commitment to the course will be provided when you request the application form.

Your application must be supported by your Duty Commander or Team Leader to attend the 4-week course. Attendance is compulsory for the entire course.

After applications are received and as part of the selection process your Area Commander will be requested to endorse your participation on the course.

Closing date

Applications Close 20 July 2020.

NOTICES

Change to receiving payment summaries

Following our transition to a new [Single Touch Payroll \(STP\) system](#), which was [announced last year](#), we advise there has been an **important change** to how you will receive individual payment summaries for the 2019-20 financial year.

We will not be issuing your payment summary (i.e. Income Statement) for the 2019-2020 financial year. Instead, you will need to obtain your payment summary online via your [MyGov account](#), or directly from the [Australian Taxation Office \(ATO\)](#).

STP is a new way of reporting tax and super information to the ATO and means that we now send your tax and super information directly to the ATO each time you are paid.

We have developed [Frequently Asked Questions \(FAQs\)](#) to assist you, including [how to set up a MyGov account](#).

Please contact HR.Payroll@fire.nsw.gov.au for more information.
