POLICY

Fuel and oil purchasing and use

A revised policy on [Fuel and oil purchasing and use](#) has been published on the [Administration Policies](#) page of the intranet.

Introduction of security code numbers for fuel cards

The fuel and oil suppliers on the NSW Government contract are introducing security code numbers for fuel cards. The introduction of the security code numbers commenced in July 2013.

Fleet Management will progressively issue the security codes for all fuel cards. Vehicle users will receive a letter informing them of the security code for their card. If you have been issued with a security code number for a fuel card, you must enter the security code number when using the card.

Who needs to read this policy?

This policy needs to be read by all staff who purchase or use fuel and oil in the course of their duties.

This policy rescinds Commissioner's Orders 2012/17, *Fuel and oil policy*.

Contact Officer: Peter Fanning, Assistant Director Fleet, (02) 9742 7479

GENERAL

Submission of AIRS and CARS reports for 2012/13 Annual Report

The FRNSW Annual Report to Parliament includes statistics on response and community safety activities delivered by each fire station. This information is compiled from AIRS and CARS forms submitted by stations, and indicates to Government and the community the FRNSW's workload and its performance.

To make sure that your station responses are correctly reported in the annual report, AIRS incident reports, including attendance reports and CARS reports for the 2012/13 financial year, should be entered no later than 26 July 2013.

Reports submitted after the nominated date cannot be included in the 2012/13 Annual Report. Any station with AIRS and CARS reports not submitted by the nominated date will be shown as having performed fewer than its actual number of activities.

Contact Officer: Assistant Commissioner Mark Brown, Director Operational Capability, (02) 9265 2713
