## PROCEDURES

### New illicit laboratory SOG and supporting doctrine

These procedures have been published on the [Standard Operational Guidelines](#) toolkit:

- [SOG 10.12 Illicit laboratories](#) (Version 04)
- [SOG 10.12 Illicit laboratories – check sheet](#) (Version 04)
- [Guideline support document for SOG 10.12 Illicit laboratories](#) (Version 01)
- [Work instruction, Illicit labs – Support for Police special operations](#) (Version 01).

#### Key points

SOG 10.12 has been renamed from 'Clandestine laboratories' to 'Illicit laboratories' to:

- Align with terminology used by NSW Police.
- Expand the scope from only clandestine drug laboratories to include all illicit laboratories.

Illicit labs are extremely hazardous and volatile environments. This SOG describes how to deal safely with incidents when an illicit laboratory is discovered during FRNSW fire or hazmat operations.

*Guideline support document for SOG 10.12 Illicit laboratories* supports FRNSW in identifying and understanding the risks involved with illicit laboratories.

*Work instruction, Illicit labs – Support for Police special operations* guides operations where FRNSW hazmat teams are requested to support Police special operations and manage safety issues arising from the hazardous materials involved.

#### Who needs to read these procedures

These procedures need to be read by all firefighters.

#### Rescindment

These procedures have been rescinded:

- SOG 10.12 Clandestine laboratories (Version 03)

## **New recommended practice – Multi-purpose jacket**

The Recommended practice [Multi-purpose jacket](#) (Version 01) has been published on the [Equipment recommended practices](#) page on the Intranet.

### **Issue**

A zone by zone staged rollout of the new multi-purpose jacket (MPJ) will commence in October 2022. Garments will be issued to stations via the station cache. Information will be passed to stations through consultation with zone management teams.

A new release of the LHD Firesmart application will coincide with the rollout. An application update is required to access the new MPJ.

### **Disposal**

Once a firefighter receives their first cache MPJ, all old bushfire jackets will be rescinded and should be returned to centralised laundry (LHD) for cleaning and decommissioning. Refer to the [Disposals](#) toolkit for more information.

### **Who needs to read this?**

All firefighters must read this document.

## Long service leave ballot applications 2023/2024

### Call for applications

In accordance with Procedure – *Long service leave quotas for permanent firefighters during peak holiday periods and special events*, long service leave applications for periods that fall in peak holiday periods in 2023/2024 are now called for from Inspectors, Station Officers and Firefighters.

### Dates of peak periods

The following dates for the year 2023/2024 are classified as peak periods and are subject to the procedures described in In Orders 1998/19:

- Autumn school holidays – 10 April to 22 April 2023
- Winter school holidays – 03 July to 15 July 2023
- Spring school holidays – 25 September to 07 October 2023
- Summer school holidays – 20 December 2023 to 30 January 2024
- Australasian Firefighter and Emergency Services Games – 03 March 2023 to 10 March 2023
- World Police and Fire Games 2023 – 28 July to 06 August 2023 (this includes travel time)

### Exemptions from ballot

The ballot system and the related six-week application period for peak periods does not apply to firefighters who are seeking extended periods of long service leave. For the purposes of this procedure 'extended' means any period in excess of two consecutive months on full pay or four consecutive months on half pay.

### Closing date for applications

Long service leave application forms are available on the Station Portal and are to be submitted to your Zone Commander or Manager.

The closing date for applications is 21 December 2022
